

10th October 2026

Hi all,

The Junior and Senior draws are finished and published. They can be found on league manager and match centre or by going to www.lvta.com.

Can Junior coordinators and Senior team captains please add their players to their teams. You can click on your team name for any match and add players by searching for their names. If you have any problems let me know.

If you cannot find a player, they will need to be registered on match centre and utr sites.

Here is the link with complete step by step instructions:
